

Jess Landis

Software Engineer

jreynoldslandis@gmail.com | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

I'm a software engineer with an eye for design who loves finding the balance between flash and function. I take pride in creating well-crafted, user-oriented code. I bring creative problem-solving and clear communication to every project.

SKILLS

Front End: Javascript (ES6+), React, Bootstrap5, Material UI, HTML5, CSS3

Back End: Python, Django, Node, Express, MongoDB, PostgreSQL

Tools: Docker, Git, GitHub, Postman, Trello, Jira, Agile Processes

RELEVANT EXPERIENCE

Software Engineering Immersive | General Assembly | Remote | Aug 2022 – Nov 2022

Successfully completed 500+ hours of expert-led instruction in Javascript, Python, Django, HTML, and CSS and hands-on learning of backend technologies such as Node, MongoDB, and the industry's most in-demand technologies. Developed projects, including:

- [ToT](#): MERN stack app to keep track of restaurant recommendations from TikTok built with JS, HTML, CSS, Express, Node, MongoDB, and JWT Auth. [[Frontend Repository](#), [Backend Repository](#)]
- [Habitton](#): Daily habit tracking app built with Javascript, HTML, CSS, Express, Node, MongoDB, and Google OAuth [[Github Repository](#)]
- [Name These Colors](#): Browser-based quiz game built with Javascript, HTML, and CSS [[GitHub Repository](#)]

Freelance Article Leveler | Newsela | Remote | September 2019 - Current

- Edit social studies/history articles from a variety of sources for elementary to high school reading levels.
- Draft and rewrite articles to appropriate reading levels using Newsela's CMS.
- Fact-check and proofread articles for accuracy, context, and clarity.

Library Assistant | Marquand Library, Princeton University | Princeton | May 2022 – July 2022

- Oversaw the West Atrium reading room operations and provided public service to patrons.
- Reconfigured shelf organization in order to better suit patrons, and used Alma to renew holds for users.
- Checked current holdings against book reviews to ensure Marquand is up to date with recent publications.

Isolation Coordinator | University Health Services, Princeton University | Princeton | April 2021 – May 2022

- Managed 300+ vaccine exemption requests from employees from initial request to final decision.
- Coordinated isolations and quarantines for students testing positive for COVID-19, ranging between 20-150+ students per week.
- Managed Community Health and Covid Vaccines inboxes, found answers to questions or directed inquiries to the appropriate person or team
